

PMG Credentialing Spotlight: Looking for a Strong Credentialing Partner

"PMG Credentialing has definitely been the answer for us for our provider enrollment needs. We often talk amongst ourselves about the great working relationship and partnership that we have with PMGC. The staff that we have worked with has been awesome."

-Sheryl Sanders

CPC, Billing Supervisor
Sterling Area Health Center

Sterling Area Health Center is a Federally Qualified Health Center (FQHC) located in Sterling, Michigan. Their vision is to provide a lasting partnership with the individuals they serve to maximize the health outcomes of their communities.

Sterling was managing their enrollment and credentialing internally, however with their current staff, they were finding it difficult to dedicate someone's time to focus exclusively on managing this critical process. Sterling found out about the services offered by PMG Credentialing (PMGC), called several references, and received positive feedback so they decided to partner with PMGC. Sheryl Sanders, CPC, Billing Supervisor with Sterling said about their decision to work with PMGC, "We have been happy ever since."

Creating a Quick and Efficient Enrollment & Credentialing Process: Ms. Sanders said that Sterling was looking for a partner to ensure that their provider enrollments were completed and maintained in a timely, efficient manner. Without a dedicated staff member to manage the process, they were finding this to be a challenge. Since partnering with PMGC, these concerns have been resolved.

In addition, Sterling has also been able to save money by reducing the often-overwhelming amount of administrative work associated with the enrollment & credentialing process and improve the overall health of their revenue cycle.

"PMG Credentialing has definitely been the answer for us for our provider enrollment needs. We often talk amongst ourselves about the great working relationship and partnership that we have with PMGC. The staff that we have worked with has been awesome," said Ms. Sanders.

Robert Skeffington, Co-Founder of PMGC said, "We are very fortunate to work with the administrators and staff at Sterling Area Health Center. They are an award winning health center dedicated to their community and we are happy to be able to assist them in their mission."

About PMG Credentialing: PMG Credentialing offers full-service Provider Enrollment and Credentialing solutions dedicated exclusively to serving FQHCs. These include enrollment (Medicare, Medicaid and commercial), CAQH provider registration and ongoing CAQH maintenance, type 1 and 2 NPI applications as well as comprehensive reporting to show provider status. We have served the FQHC market for over 15 years, and we have a deep understanding of your complex provider enrollment needs. www.pmgcredentialing.com
